1. Available Online – Displays only articles that you can view/download. Saves you time.
2. Scholarly & Peer Review – Displays only articles from peer-reviewed journals. Note: Not every article from a peer-reviewed journal is necessarily a peer-reviewed article. Be sure to use your checklist of scholarly criteria.
3. Journal Article – Displays only articles from journals (Not necessarily peer-reviewed, unless you also use the peer-review option.)
4. Topic – Helps focus on publications for a particular area of academic study
5. Chat With Blue Crew – If you have any questions along the way, just ask the blue crew.
